2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The result of University examinations shows the attainment of PO, PSO and CO of the individual department. Each department then evaluates the result and analyzes the student performance. Faculties make different strategies to improve the student performance in the next semester examination. The statistics of the department help the college to allot more resources to the needy departments in terms of computers or in increasing the

number and variety of library resources.

The Institution has a system of giving a number of awards to the students to motivate and recognize their merit. Gold Medals are given to the meritorious students in the Annual Function of the college who secure 1st class to the outgoing students to increase their confidence level to perform more in their after graduation lives. College gives Best Library User Award every year which also helps the students to use library more frequently. Awards are also given to the students who attend classes (physically) more than 90% of the total class every year for every specific programme course.

Apart from these, different departments occasionally organize Seminars, Workshops, Talks, Career counseling so that the students can excel in academics and beyond.

The college believes that learning does not stop on securing marks and acquisition of a University certificate only. We believe in overall development so that when they leave the institution they do not walk out fearing their entry into rat race

Thereafter, purchase committee collects the quotation from different vendors by calling tenders in the college website if the required amount of purchase is more than Rs.10,000. Then the work order is issued based on the lowest quotation with required quality after the approval from the Finance committees. Before payment to the vendor, Finance committee checks thoroughly all the required documents and takes the resolution for payment.

### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

As a girls' college the Institution has always emphasised on and prioritised the issue of women's education. It strives to ensure a milieu that is conducive to women's overall education, an understanding of the inter-play of several factors relating to various societal issues, and in the process, to women's empowerment. The Institution is working in this direction with utmost assiduity and hope.

A very significant aspect, that's worth mentioning in this regard, is that majority of our students are from non-Bengali families and most of them are the first generation learners. The Institution tries its best to cater to their academic needs and encourage them for a better, dignified and an enlightened future. For students from the economically weaker families, apart from the available Government scholarships, the College has also its own 'Half-Free' and 'Full-Free' schemes that relieves them of the required tuition fees. The College also focuses on the aspect of discipline and is known for that as

well as its regular teaching-learning process.
