148. Need more teachers in department, provide proper notes, oral & aural, topic need to be more elaborated while explaining.
149. They should teach us more about soft skills, the second one is that college should provide more digital tools while teaching us and the last one is to give more practical examples while teaching.
150. The overall quality of teaching is excellent. Communication of professors are very well. Professors are help students in any kinds of doubts.
151. Need more teachers in department.
152. My learning experience in my college is good.
153. There must be proper field work and practical studies, there must be new technology and each and every student must have smart phone in each and every home with proper network connection and computer or laptop so that they will able to search new things and activate and can improve their learning process as like other developed countries and the most important thing they must always must lishen English and speak with their own family members and in other institutions and one last most important thing is that each and every student must need to read English newspaper and other language paper to grow up their knowledge.
154. Bathrooms should be cleaned.
155. Need more teachers in department provide, proper notes, oral and aural, topic need to be more elaborated while explaining.
156. Students should be treated like children. Children should try to understand. The subject in which there are difficulties. Strict attention should be paid to it.
157. Microphones should be there for the teachers so that the students can be able to hear the lectures properly given by the teachers. There should be smart boards for the students in every classroom.
158. Need more teachers in Hindi department.
159. College ground area should be larger.
160. All Teachers must use PowerPoint
161. Evaluation process should be more fair and unbiased . A friendly environment should be cultivated between the college staff including teachers and students. Outcomes of assignments should be discussed in class to improve the students ability.
162. Students should be provided with employment related field visits and other such cognitive areas of growth
163. Start using smart boards. Increase extracurricular activities. Start NCC for students.

164. We are unable to listen teacher's voice. There should be one hand distance between students. Canteen should improve.
165. Microphone and projector should be there in each and every class. Campaign related to internship; career counseling etc should be conducted for students.
166. Teachers are very helpful and friendly in nature. The college provides best knowledge. It helps us to acquire various knowledge to be ready to work .
167. Talk to students and ask them about feedback. Retire old professor they just explain the concept to front benches.
168. I suggest institute should give a opportunity to the students for their better future and support them and institute should also inculcate soft skill, life skill , employability skill to make their students ready for the world of work and last not the least institute should be prepare their students for better future.
169. Enhance Internship Programs. Online library facilities.
170. Communication, Advance classes, Online classes, Campus & placement
171. There should be more number of books in the library to reduce the waiting time of the students for borrowing books. Also the books must be given for more days.
172. Kindly give more project and real time problem to solve. Industrial problem statements may be given as assignment. Courses can be more research oriented. Kindly provide elective course based on the willingness even though less strength.
173. SSJGC is very nice college in C.U., Teachers encourage to students always. My good experience in SSJGC and thanks to join this college.
174. Provide a bit better infrastructure of the class room. Regular cleaning and dusting is not done which clear dullness to the education mood. Teachers are not able to use microphone Mick due to lack of proper system.
175. Teacher should provide more personal development opportunities to the students. Teacher should identify strength and weaknesses of students and guide them accordingly.
176. The teachers should be informative and well intractable while teaching about computer and technology.
177. Our professor's are very good teachers. Teachers always support us.
178. There are regular classes which is the best thing .The environment of the college is also good.
179. College needs big rooms for large number of upcoming students. Room and college building need to improve for differently able students. Overall college atmosphere is best for students, even every teacher is very humble and student friendly. This is best girls' college in Kolkata, in my point of view.
180. Try to teach concepts beyond text books. Interactive learning, engaging and use of technology. Don't speak to fast while writing
181. Should conduct debate, seminars, in order to prepare the students mentally and physically active. Should be clean and hygienic.
182. It should try to give recruitment opportunities. It should also focus on developing the employability skills of the students too.
183. Techers should Take feedback what he teach.
184. Copies should be checked on regularly basis.
185. Create study groups within your course. Ask students to give constructive feedback on each other's work and explain difficult ideas to each other, create a knowledge program according to students choice that may help them in future .
186. Course can be more research oriented
187. In our college all Subject department have 4 teachers to teach the students but in Hindi department we only have 2 teachers and as a Hindi Honours students we face difficulties to complete our syllabus so we really need professor.2 we doesn't have ground or garden in our college and it's looking like very old house for mental relaxation we really need natural thing so it would enhance our intelligence.
188. Teachers are really humble and understanding to students but they should try to. Understand the student in what way they understand and besides for providing example teachers should question the students weather
