Specific Facilities Provided for Women

Security of our students is of prime concern to us. The College is well known for its discipline and in-campus security. The College gate is maintained and manned round the clock by the concerned employees. As, we are a Girls' College a female employee along with her male counterparts also keeps the College gate during the College hours. For the purpose of security the College is kept under CCTV surveillance, and notice and signboards stating the same are placed at several places. No one, apart from the stakeholders, is allowed to enter the College premises without prior permission from the concerned authority. And, even students are not allowed to leave the College before 11:30 am, if it's not an emergency situation. It's worth mentioning here that the College hour of our Institution is from 7:30 am to 2 p.m.

The College provides a separate common room for the students. As a Girls' College we do not need to keep a separate and exclusive common room for girls. However, the male employees do not enter the common room as the College also takes every possible care to ensure the privacy of the students. We also seek to make our students aware of anything unwarranted and encourage to report anything uncalled for. We have dedicated 'Anti-Ragging' and 'Sexual Harassment' cell which acts in its capacity to deal with anything reported. To deal with it in a more holistic way, the College conducts Personal Counseling also for its students by persons having core competence in it. We also conduct Career Counseling for them, so that they can maintain their focus on a better, brighter future and study, and we hope, this, in turn, does not let them get carried away with anything that is potentially harmful for their career and goes instrumental in ensuring a safe and secure future.

We also maintain a cordial relationship with the local police station. The Officer-in-Charge has even been one of our IQAC members also. Any correspondence from our end has always been responded with amazing alacrity by them. We also invited the Officer-in-Charge to brief our students on how to deal with any unforeseen situation and how to seek the legal help.

Keeping in view the possibility of any medical emergency, our Institution has a sick room for the students, and we have a doctor also who is available on call and as and when required visits the College.

Chandana Dutta
